

SAFETY EQUIPMENT - ALL CLASSES

Specific safety equipment is required for all classes. Helmets, neck collars, arm restraints, cage nets, racing gloves, racing shoes, Snell approved fire suits, race seats, 5-point hook up seat belts are required for all drivers. There are certain specs for each piece of equipment. **There is no grace period for the safety equipment.**

1. Helmets must be at least 1990 Snell approved, full head coverage, competition type, and worn with a face shield. Helmets are to be worn and strapped at all times while the car is in motion.
2. Jr. Sprints are required to use a neck collar, no exceptions. In all other classes, neck collars are mandatory, unless headrest & cage nets are used.
3. Arm Restraints are mandatory. They must be adequately adjusted to keep the drivers hands below the top of the roll cage.
4. Racing gloves and racing shoes are mandatory and must be flame retardant.
5. All drivers must wear a 1990 or newer Snell approved flame retardant fire suit with an SFI-3.2.1 rating or higher. It is also **strongly recommended** that drivers wear long-underwear, long sleeve shirt, socks and head sock.
6. Safety belts must be securely attached to the car and used at all times. Only latches that are metal to metal will be allowed. Name brand racing 5 point seat belts, shoulder harnesses and sub straps are required. Belt dates must not be over three years old. It is mandatory to install a cross brace back of the seat to support the shoulder harness.
7. Any and all mechanically operated devices must be mounted below the driver's shoulder for safety.
